

low to medium water-use plants

Installing low & medium water-use plants in your garden along with responsible irrigation practices will help to protect our most precious resource...**WATER.**

Installing a water-wise garden is easier and more attractive than you may think! This list will help you get started.

L

Low requires little supplemental irrigation to no additional irrigation once established.

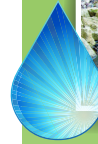

L/M

Low to Moderate accepts low moisture or wetter conditions once established.

M

Moderate needs to be irrigated more than low water use plants, but not as much as high.

Exact amounts of water depend on weather and site-specific soil conditions. And remember... all plants need more water initially to help establish a deep root system.

Statistically speaking:

By watering only when you need to and only as much as your plant require you can reduce your water usage by around 25%, an average of 11,000 gallons per year.

If every U.S. household did this, we would reduce water usage, nationally, by 700 billion gallons each year.

One small step = big savings!

Replacing a single heavy-water-use tree, shrubs or flower with a low water use plant can save up to 550 gallons of water each year.

EVERGREEN TREES

- Strawberry Tree 'Marina' L
- 'Majestic Beauty' Olive L
- Compact Cherry Laurel L
- Arizona Cypress L
- African Sumac L

LARGE SHRUBS

- Hollywood Juniper L
- Wild Lilac 'Ray Hartman' L
- Pomegranate L
- Shiny Xylosma L/M
- Mugo Pine L

DECIDUOUS TREES

- Eastern Redbud L/M
- Chinese Pistache L
- Scarlet Oak L
- Crape Myrtle L
- Chinese Hackberry M

MEDIUM SHRUBS

- Glossy Abelia M
- Manzanita L
- Japanese Barberry L
- Fortnight Lily L
- Nandina M/L

GROUNDCOVERS

- Contoneaster 'lowfast' L
- Lemon Thyme L
- Vinca Minor L
- African Daisies M
- Trailing White Lantana L

SMALL SHRUBS

- Rockrose L
- Bush Morning Glory L
- Lavender L
- Japanese Garden Juniper L

VINES

- Lilac Vine 'Happy Wanderer' L/M
- Potato Vines M
- Trumpet Vines M
- Lady Bank's Rose L/M
- Wisteria M

PERENNIALS

- Dusty Miller L
- Santa Barbara Daisy L
- Wallflower L
- Euphorbia L
